OUR FORTUNES.

There is a river called Luck that runs through our lives, but her flood it is sluggish and slow; and the treasure, which by her falls current arrives, will never make very much show. And the man who sits down by her treacherous shore, vainly hoping his fortune will wait till the locks are frosty with hair, for his ship—it will never come in. But a far other stream is the river of Work—on her swelling and vigorous banks no place is reserved for the drone and the shirk—they must labor and die by her side. And the man who with confidence, boldness and pluck embarks on her affluent breast, will sail smoothly on and catch up with his "luck" by generous fortune cared.

If you have an item of news, please call up The Leader, Telephone 23, and let us have it.

For the best paint ready to use go to Cheneveth's Drugstore.

## Take Your Choice!

NOW IT'S PUGH FOR JUDGE

IT'S A. M. J. COCHRAN NOW!

Senator Hanna Said to Be Enthusiastic For Him.

The Maysville Man Finally Knocks the Persimmon.

HARD FOR DEBEE TO SETTLE DOWN.

FITTEST LAWYER OF THE WHOLE LOT

A Washington telegram to The Courier-Journal says former Representative Pugh called on Senator Hanna about the Kentucky Judgeship. The National Chairman eagerly told him that, between he and Cochran, he was in favor of Pugh. He said he regretted that the Kentucky delegation was so split up that it could not present Pugh as the candidate. This did not help matters for a settlement, but gave Pugh a lot of confidence.

Meanwhile The Courier-Journal's Washington correspondent says the appointment of a Federal Judge for the new Kentucky Judicial District is as open now as it was when the bill creating the District became a law. This is owing in great part to the vacillating policy of Senator Deboe. The mind of that profound statesman from Kentucky seems utterly incapable of deciding definitely whom he wants. First he was for former Congressman Pugh, and then he switched off for ex-Governor Bradley, and now, it is learned from a reliable source, that he has gone back on Bradley, and the most charitable construction to be placed upon his childish course is that he does not know his own mind upon this or any other question that he has to deal with.

As the President himself had suggested the appointment of Bradley as a compromise between Mr. Pugh and Judge Cochran, it was a reasonable presumption, after Deboe and Boring had accepted Bradley, that the matter was ended. It seems, though, that such is not the case, and the old saying that "nothing is ever ended in Washington" until it is signed, sealed and delivered" again proves true.

Just how the President came to propose Bradley to the Congressional end of the Kentucky Republican party is not known, but the story that he was told by some good Kentucky Republican friends that Bradley and his friends had been sufficiently punished for their attitude in 1896, and it was about time to recognize their party loyalty and re-instate them in good fellowship with the party organization. The President agreed to this, though he has always hated Bradley for daring to help his own political fortunes in 1896, and so it was settled that Bradley should be appointed Judge of the new District. There can be no doubt that this solution of the controversy was reached, for it was so positively understood by all parties concerned.

If the President does not appoint ex-Representative Pugh for the Judgeship it is hard to guess what place he will give him. It was thought for a while that he would succeed his father-in-law as Solicitor of Internal Revenue, but it has been definitely decided to give that place to an Indiana man, and the President will make the appointment before he leaves the city.

At the last meeting of Wyandotte Tribe, I. O. K. M., the Warrior's Degree was conferred on a class of eight, and there were several applications for membership.

F. Devine, agent for Mary A. Beckett, sold Frank and Charles Wright and Elizabeth Wright the two-story frame house on Fourth street, between Limestone and Market, for \$1,200 cash.

A Washington special to The Times-Star last evening says the Kentucky appointments are now practically determined upon, but the appointments will probably not be announced before the President's return from the West.

Judge Cochran is to be Federal Judge for the Eastern District and Judge Tinsley United States Attorney for that District.

Stephen Sharp will probably be United States Marshal, but that may depend upon several political developments.

George Lieberth will be appointed Collector of Internal Revenue for the Sixth District of Kentucky. Lieberth's appointment will not be effective until the expiration of the term of D. N. Comings next November. The decision in the Lieberth case has been practically settled some time, but was not regarded as positive until Richard P. Ernst went from Covington and entered into the conference with Deboe, Boring and the other potent factors in Kentucky politics.

The hardest fight was for the Judgeship, and was between Cochran, ex-Congressman Pugh and ex-Governor Bradley.

Cochran was born at Maysville, educated at Center College, and is acknowledged to be one of the most brilliant legal luminaries in Kentucky.

[In addition to the foregoing, a private long-distance telephone message was received here yesterday from a gentleman who is "on the inside," which confirmed the report of Mr. Cochran's selection for the Judgeship; and President McKinley never made a wiser choice.—ED. LEWIS.]

## Up-to-Date Business Methods

Will always win out in competition with antiquated methods. Up-to-date stock will always secure the biggest business when in competition with old-fashioned goods. Especially is this true of clothing and shoes. It sort of narrows down to the survival of the fittest.

### TAILOR-MADE CLOTHING

(The only kind we handle) is rapidly taking the place of the ordinary sweatshop stuff (the kind we don't handle.) We are essentially up-to-date in our merchandise. Every article that leaves our house is sold with the object in view that the purchaser has value received—and that is the reason we do not have to resort to the clap-net advertisements so many of the clothing people nowadays must avail themselves of to bring people to their stores. We claim you cannot go away from home and do as well as with us; our best witnesses are those who try it. Don't overlook our

OFFICE: Public Ledger Building, No. 19 East Third Street, Louisville, Ky.

**WILLIAM JEWELLIKINS BRYAN** has been engaged to orate on the coming Fourth of July—a day that he declared last fall would never again be celebrated if McKinley were elected.

According to a decision of the United States Supreme Court thousands of divorces granted by the Courts of North Dakota and other Western states are invalid. The decision is to the effect that both parties to a divorce must have legal residence in the state in which the decree is obtained.

The Georgetown Sentinel—printed at the home of Judge CANTRELL—offers these three conclusions as a result of its consideration of the conspiracy trials, and they are deserving of attention:  
"First—The Republican party lost by the death of GOBEL.  
"Second—The Democratic party gained by it in certain senses.  
"Third—Had it been shown that GOBEL fell by the hand of an irresponsible man, or a personal enemy, the Democratic party would have gained nothing by it."

Most of the white citizens of Franklin county are Democrats, and they had to choose Democrats or colored Republicans.—Flemingsburg Times-Democrat.

This refers to the selection of the unanimously Democratic Jury which tried Captain RIPLEY, and shows either the ignorance or the maliciousness of its author. At the last Presidential election Franklin county gave BRYAN 2,465 votes and McKINLEY 2,175, a difference of only 290. There are only about 300 more Negro voters in Franklin county than there are in Mason county, and yet it has never been found necessary to choose colored Juries here in order to prevent them from being Democratic. There are plenty of white Republicans in Franklin county, and they are as eminently respectable as their Democratic brethren.

The Philadelphia Press, commenting on the trial of Captain RIPLEY, says, in estimating the value of ex-Governor BRADLEY's evidence, it must be remembered that he was only repeating remarks he is alleged to have heard on the street, and that Governor BRADLEY continued to act as the counsel for Governor TAYLOR in his contest for the Governorship to the end. It is inconceivable that he would have gone into a Court and pleaded for Governor TAYLOR had he believed him implicated in the murder of GOBEL. The public knows what kind of law and justice prevails in the Cantrell Courts of Kentucky. The highest Court in the state has just given its opinion by overturning two verdicts rendered there, and it will probably be called upon to overturn more such verdicts. No one wishes to shield Governor TAYLOR if he is in any sense implicated in the assassination of GOBEL, but every fair-minded man will approve his refusal to place himself in the power of such a creature as CANTRELL.

**A NARROW ESCAPE.**  
**Mr. James Woodworth Came Near Being Killed Thursday.**

Mr. James Woodworth, the polite and gentlemanly Assistant Quartermaster, came very near losing his life Thursday afternoon.  
He with two others was engaged in unloading several hogheads of tobacco, and one got away from them and started down the grade toward the river.  
Mr. Woodworth, in his endeavors to prevent it from going further, attempted to "cut" it and turn it in another direction, and the heavy hoghead threw him down and rolled over him.  
Before striking him, however, its weight was broken by a large rock, which prevented it from killing him.  
He was considerably bruised and scratched about the face and arms, but was not hurt sufficiently to lay him up.

**Y. M. C. A.**

There is no more capable entertainer in our city than the Social Committee of the Y. M. C. A. It has demonstrated its ability often this winter through many functions which have rallied the members to novel and unique entertainments with feasting as a concluding feature. No two have been alike, the last more successful than its predecessor, but it remained for the last one of the season to close in a blaze of glory the official career of the Committee and has that the guests that lot of pleasures and joys which center about the Y. M. C. A., a feature doing more for young men than any other influence abroad and which are extraneous to religious circles.

The Rally last night was a howling success in every particular. The many features which attracted the half hundred fellows from 7:30 till 10 o'clock. A Donkey party amused them in the parlor, and then a feast of the most delicious things was spread in the gym, the menu of which was published yesterday. Among the many good dishes served were sauerkraut, which was sent by Mrs. Henry Rapp and which had that peculiar twang about which epicures write, and Boston Baked Beans prepared by Mrs. John Walsh, that were tempting to the palate and delicious to the taste.

These good women have boys of their own and are ever ready to generously assist young men in every laudable cause which is appreciated generally.

The cheese was strong enough to serve itself, thank you.

Men's Rally Sunday afternoon at 3 o'clock will be led by W. T. Berry. All men cordially invited to be present.

**THEY ALL SAY SO.**  
Not Only in Maysville But in Every City and Town in the Union.

If the reader took the time and trouble to ask his fellow-residents of Maysville the simple question given below he would obtain the one answer. If he would read the statements now being published which refer to this answer it would surprise him to note that they number so many, as many more could be, and may be published, but in the meantime ask the first person you meet that cures backache? The answer will be Doan's Kidney Pills. Here is a citizen who indorses our claim.

Mrs. William Nichols of 251 West Third street says:  
"The result of the use of Doan's Kidney Pills proves them to be a most valuable remedy. Relief from backache follows from the first dose and a positive cure is effected in a short time." Mr. Nichols also used Doan's Kidney Pills with the best of results, procuring them at J. A. Wood & Son's Drugstore, corner of West Second and Market streets.  
For sale by all druggists; price 50 cents a box. Foreign—London, N. Y.

Secretary Long has authorized the use of one company of marines, fully equipped, who will set up a camp at the mouth end of the big government building.
